JERICHO JAMES F. GONZAGA

SOFTWARE DEVELOPER

Tondo, Manila | 0993-901-4121 | jerichojamesgonzaga13@gmail.com | GitHub: @jjgonzaga07

I am a passionate full-stack developer eager to grow my skills in both front-end and back-end development across web, mobile, and software applications. Highly motivated and committed, I aim to build a successful career in the IT industry while contributing effectively to any development project.

AREA OF EXPERTISE

Front-end Development	Back-end Development	System Troubleshooting
Mobile App Development	Network & Hardware Support	

KEY ACHIEVEMENTS

- Core developer of Inspire Wallet, a comprehensive fintech mobile application for investment tracking, trading, and secure transactions.
- Core developer of Inspire Admin, the administrative dashboard of Inspire Wallet used to monitor all investors' investments, agent performance, transactions, and system activity.
- Tech Lead and developer of Loopwork and Loopwork Mobile, an all-in-one work management and productivity platform for teams.
- Successfully delivered multiple production systems while managing timelines, features, and stakeholder coordination.
